Stay in studios in Paris inspired, teased and tried to deceive. After a few months in Bratislava,  
the faces  
of madness  
and

colorful  
details -  
that  
might  
otherwise remain  
unnoticed  
- were revealed  
in the  
intimate atmosphere

.  
The longer  
time  
is devoted to  
looking at these  
photos  
, the  
more complete  
the  
overall experience one experiences  
. Funfacts followed each snapshot. The exhibition was almost completely sold out that evening.
